WORK EXPERIENCE

FLUTTER DEVELOPER INTERN | [Ezitech Institute](#)

August 6 - November 7 (2025)

- Developed **responsive UIs** for multiple mobile applications and **built reusable UI components**, improving app quality and development efficiency.
- Collaborated on **Firestore integration** (Auth, Realtime Database, Cloud Functions) and implemented **state management** using Riverpod and Provider for scalable apps.
- Delivered **three end-to-end projects** (UI-only LMS, E-Commerce, and real-time chat app), strengthening **teamwork, problem-solving, and full-stack Flutter skills**..

Founding Team Member & Flutter Engineer @InvadeZ

November 2025 - Present

- Contribute to mobile app development, client projects, and end-to-end software solutions, while supporting team growth and collaboration.
- Lead and assist in training sessions, team management, and organizational initiatives, participating in all aspects of building the tech community.

PROJECTS

Campus Management System iCMS | [GitHub iCMS](#)

- Developed an **independent CMS for universities** with **role-based dashboards** for Admin, HOD, Teacher, Advisor, Clerk, and Student.
- Built using **Flutter Web and Supabase**, providing **authentication, database management, and real-time updates**.
-

Robinnect | [GitHub Robinnect](#)

- Developed a **real-time chat app** in Flutter with **Google/email authentication**, enabling users to securely create accounts and connect with others.
- Implemented **user search by email/phone** and **instant messaging** using Firebase Realtime Database, enhancing real-time communication skills.

LMS & E-Commerce UI only App | [GitHub LMS&E-commerce](#)

- Designed **LMS&E-Commerce UI/UX** in Flutter to practice responsive and intuitive app interfaces.
- Focused on **enhancing user experience and UI skills** through interactive dashboard, course navigation.

CERTIFICATES

Ezitech Institute Internship Certificate | [Certificate](#)

August 6-2025 - November 7-2025
